

TRAINING ANNOUNCEMENT

Burn Injury: Triage, Treatment & MCI Response

LOCATION: Virtual (ZOOM)

December 4, 2023 10:00

One-hour presentation followed by Q&A

Objectives

- Discuss initial triage and evaluation for the patient with a burn injury
- Prioritize medical management in a Burn Mass Casualty Incident (BMCI)
- Review the critical local, state and regional partners that could assist response to a BMCI
- Discuss available resources

Intended Audience:

Hospital/Health Care * Public Health * Fire/EMS * Emergency Management

Presenter: Annette Newman is the Outreach and Disaster Coordinator for the University of Utah Health Care Burn Center and has over 33 years of burn ICU experience. Annette is involved with State and National burn disaster planning, and is a member of the Utah Healthcare Emergency Response Team (UHERT), and UT-1 Disaster Medical Assistance Team (DMAT). Annette has previously presented in New Mexico at the 2023 Partners in Preparedness Conference and is the Western Region Burn Disaster Consortium Coordinator.
